The San Ramon Valley Unified School District provides an outstanding, well-rounded education for all of its elementary, middle and high school students. Challenging academic programs and innovative curriculum prepare local students for success in college and future careers.

Our District is considered a “Destination District,” with families moving to our community because of our strong reputation for academic excellence. We believe good schools are part of what makes our community a desirable place to live.

**LOCAL FUNDING SUPPORTS STUDENTS**

Since 2004, our community has generously supported the San Ramon Valley Unified School District through voter-approved local funding. This funding has helped strengthen and maintain core academic programs, provide quality college preparatory and career tech classes and provide ongoing teacher training to maintain high-quality education.

Local education funding has provided a secure, stable source of revenue that the District can count on every year. This money stays in our local schools and cannot be taken away by the State. This funding is set to expire in the next school year.

**A MEASURE TO RENEW LOCAL FUNDING**

The Board of Education has voted to place a measure on the May 2015 all-mail ballot that would continue the existing $144 parcel tax—without increasing the current amount.

This measure will fund:

- Core academic programs in reading, writing, math and science
- Advanced Placement (AP) courses and programs to prepare all students for success in college and careers
- Ongoing teacher training and development to attract and retain teachers
- Career and technical training courses

**FISCAL ACCOUNTABILITY**

The measure will include the following accountability provisions:

- All money raised by the measure will continue to stay local
- An independent citizens oversight committee will continue to ensure all funds are spent as promised
- None of the funds can be used for administrators’ salaries
- Homeowners age 65 and older will continue to be eligible to receive an exemption
- The measure will expire in 9 years and cannot be renewed without voter approval

**WE WANT TO KNOW WHAT YOU THINK**

We continue to invite our parents and community members to share their thoughts and ask questions about funding for our local schools. For questions or comments, please contact Superintendent Mary Shelton at mshelton@srvusd.net or at 925-552-2933.
