Kindergarten Readiness Information Night

Kindergarten has dramatically changed over the past five years. With the introduction of Common Core Standards, children are being asked to do more academically. The continuum of language arts, math, science and history/social science standards now begin in Kindergarten. We would like parents to understand exactly what these expectations are. Please come to an orientation meeting for parents where a panel of teachers and curriculum experts will discuss kindergarten curriculum and readiness. All are welcome to attend either session.

Age eligibility for Kindergarten: Your child must be five on or before September 1st 2016.

Transitional Kindergarten Information Night

Students born between September 2nd – December 2nd are no longer eligible for Kindergarten.
Students falling between these dates are Transitional Kindergarten eligible only.

We invite you to an informational meeting to discuss the Transitional Kindergarten program for your children. Transitional Kindergarten is the “first of a two-year Kindergarten program” using a modified kindergarten curriculum that is age and developmentally appropriate. In addition this unique program prepares students for the rigor of the Kindergarten Common Core Curriculum. Teachers and administrators will discuss the transitional kindergarten curriculum and the benefits of this program. All are welcome to attend either session.
